

Question 1: Should Chorley FM be permitted to make its proposed changes to the key commitments of Chorley FM, with particular regard to the statutory criteria set out in Section 1 of this consultation document? (Section 106 (1A) of the 1990 Broadcasting Act, as modified by the Community Radio Order 2004).:

No, as Chorley FM have already been in breach of not following the key commitments. This seems like an attempt to remove their responsibility to provide key content aimed at two targets. It appears to me that they want to sound like other commercial stations on the market. Chorley FM should not be allowed to negate their responsibility and people (the community) should be allowed to participate in the transparency and openness of this so called community organisation.
