

Question 1: Should Chorley FM be permitted to make its proposed changes to the key commitments of Chorley FM, with particular regard to the statutory criteria set out in Section 1 of this consultation document? (Section 106 (1A) of the 1990 Broadcasting Act, as modified by the Community Radio Order 2004).:

No. I am an ex-volunteer at Chorley FM and one of the directors that felt incredibly pushed out of the station. When I was at the station we never had any issues fulfilling the commitments of providing brilliant youth programmes and LGBT programmes for the community of the Chorley borough. It isn't hard to provide these programmes when you have such passionate presenters who love coming in every day to do something they love. If this request is granted then it will take away the current localness and the presenters that still have the passion for broadcasting. Please don't ruin another community station, keep the key commitments that make them different to all of the commercial stations in the area.
