Question 1: Should Eagle Radio Limited be permitted to make its proposed changes to the Format of Eagle Extra, with particular regard to the statutory criteria set out in Section 2 of this consultation document? (Section 106 (1A) of the 1990 Broadcasting Act, as amended, relating to Format changes):.

I strongly object to the proposed change as I believe that Eagle have a responsibility to their listeners of which I am one living in Surrey, listening on MW when the FM signal is poor in Dorking. The change to another genre of output on MW which in no way represents Eagles output on either its FM or Digital platforms is confusing to say the least. With Radio Spectrum in this country at a premium I would rather prefer that the freq is withdrawn from The Eagle entirely and another provider is chosen via a tender rather than this proposed change with no competition allowed.
