Question 1: Should Eagle Radio Limited be permitted to make its proposed changes to the Format of Eagle Extra, with particular regard to the statutory criteria set out in Section 2 of this consultation document? (Section 106 (1A) of the 1990 Broadcasting Act, as amended, relating to Format changes).:

I don't agree with this proposition because I particularly enjoy the local programmes for my area combined with afternoon music from the 1960's. These include the specials relating to Guildford on Wednesdays and Woking on Fridays, these appear on my drive home from work and give me something different to listen to.

The community hub get togethers have become really good recently with news from Aldershot Football club that you just can't find anywhere else. My niece has spent hours working there during her summer holidays , learning Audition techniques and many of her friends are hoping to get involved in making home grown programmes of community appeal within this diverse area. It's a rare thing to have a local radio station run by students and other than the apprenticeships at Eagle , I can't think of anywhere that allows the youth to pay for a media experience outside college. It would be a travesty to lose my local radio station , especially one so dedicated to serving the local towns and villages outside London for a well served Christian City station.
