

Additional comments

I dont want the mobile companies to rip me off. I am already paying £40 a month for my contract. It is supposed to be unlimited minutes but i got a letter saying I should stop calling the 03 numbers and if i continue they will charge me, this is no fair. I already waste 40 per month and they want me to pay more than £1 per minute to call pakistan when I can call it at really cheap rates using the 03 numbers.

Questions

Question 3.1: Do you agree that the modification to the Numbering Plan that we propose – which would prohibit direct or indirect revenue-sharing with callers and/or end-users by those who use 03 numbers – is appropriate and proportionate to address the conduct of concern that we have described in this document? If not, please explain why.

I do NOT agree because that would be discriminating to me and my friends. I call Pakistan a lot and took out this contract as it was unlimited. And now they want to block the 03 numbers because some clever people are able to provide a good service to people who want to call abroad.

Question 4.1: Do you have any comments on the draft modifications to the Numbering Plan that we are proposing, as set out in Annex 7? Where you disagree with any of the proposed modifications, please explain why.

I do NOT agree because i will have to waste even more money calling my family. Please dont do this.
