### Questions

**Question 3.1:** Do you agree that the modification to the Numbering Plan that we propose – which would prohibit direct or indirect revenue-sharing with callers and/or end-users by those who use 03 numbers – is appropriate and proportionate to address the conduct of concern that we have described in this document? If not, please explain why.

I use this service very often to call my family and after this increase in price I won't be able to use it any more.

I paid for my minutes, why can't I not use it? It's not fair.

**Question 4.1:** Do you have any comments on the draft modifications to the Numbering Plan that we are proposing, as set out in Annex 7? Where you disagree with any of the proposed modifications, please explain why.

I'm not agreeing with the changes. It's a lot more money for the same service.
