Question 3.1: Do you agree that the modification to the Numbering Plan that we propose – which would prohibit direct or indirect revenue-sharing with callers and/or end-users by those who use 03 numbers – is appropriate and proportionate to address the conduct of concern that we have described in this document? If not, please explain why.

No I don't agree with the new plan. The main reason I have a mobile contract is to call my family abroad on a regular basis using the 03 numbers. I pay a lot for my contract in the first place and now I have no choice but to pay more to buy a calling card which is very expensive. Now I don't even use half of my inclusive minutes in my contract and my hard earned money is being wasted.

Question 4.1: Do you have any comments on the draft modifications to the Numbering Plan that we are proposing, as set out in Annex 7? Where you disagree with any of the proposed modifications, please explain why.

I strongly disagree with the proposed plan and feel cheated.
