

Your response

Question	Your response
<p>Question 1: Do you agree with our proposals for adding requirements to the Television Technical Code and Digital Radio Technical Code relating to resilience of broadcast networks and access services?</p>	
<p>Question 2: Do you have any comments on our proposed changes to the DAB Technical Policy Guidance relating to the process of transmitter approvals?</p> <p>In particular, do you have any comments on our proposed sensitivity analysis, or on whether we should require or permit applicants to provide both horizontal and vertical antenna pattern information?</p>	<p><i>Is this response confidential? – N (delete as appropriate)</i></p> <p>No comment</p>
<p>Question 3: Do you have any comments on our proposals for investigating and potentially permitting use of the non-critical mask?</p>	<p><i>Is this response confidential? – N (delete as appropriate)</i></p> <p>No comment</p>
<p>Question 4: Do you have any observations on Ofcom’s processes and information we are providing and proposing to provide in relation to acceptance tests and compliance checks? Is there anything missing that would help make the process smoother or easier from your perspective?</p>	<p><i>Is this response confidential? – N (delete as appropriate)</i></p> <p>No comment</p>
<p>Question 5: Do you have any comments on the EMF, HbbTV, or document format modifications proposed in this section?</p>	<p><i>Is this response confidential? – N (delete as appropriate)</i></p> <p>We have already discussed the revised EMF requirements (which were implemented in the WTA licence) with Arqiva and are happy that they already meet with these new requirements.</p> <p>We are also already carrying HbbTV services on behalf of the broadcasts and agree that it will</p>

be helpful to add these to the DTT Reference Parameters.
