| <p>Question 1: Do you have any views on our proposed new guidance?</p> | <p>Is this response confidential? – NO</p> <p>I feel that Ofcom fail to take into account the impact of their actions on individuals such as myself.</p> <p>I'm a 64 year old married white male. I'm disabled with medical conditions that affect my mobility, and I'm a blue badge holder.</p> <p>Therefore I am very reliant on the radio for gathering local news and information, including weather and traffic reports.</p> <p>I took the advice of Ofcom and purchased a DAB radio for the launch of SSDAB in Leicester. This is after I had checked that I lived inside the polygon.</p> <p>The DAB radio did not work, the coverage map supplied by Ofcom is a complete waste of time. I explained all this in an email that I sent to [redacted], [redacted] and Licensing broadcasting, on the 11th. April.</p> <p>I STILL AWAIT A REPLY. Dare you attempt to expect why ???</p> <p>So yes I consider Ofcom to be unfit for purpose, failing to communicate with the real general public and treat me and maybe other with contempt and bias.</p> <p>The same as they have done over a number of years with LEICESTER COMMUNITY RADIO.</p> |
