Representing:	Individual

Your response

<i>Q. 1 Do you agree with our overall approach to setting the operating licence?</i>	No. You are damaging something good to accommodate mediocre commercial interests by requiring radio 2 to have greater news output. We listen to the station to get a range of music, mainly light and catering for a wide range of tastes and audiences presented by knowledgeable presenters, not to listen to frankly repetitive news items which are accessible on Radio 4 and 5.
