<p><i>Q. 6 Do you agree with Ofcom's approach to how we will set and amend the operating licence, as set out in Annex 5?</i></p>	<p>I think you are being too prescriptive towards radio. It is a very competitive and varied market and needs little intervention. Specifically I do not agree with an additional news requirement on Radio 2. For me there is too much news. I regularly listen to 4 or 5 for news, but when listening to 2 you want music and some chat. I shall have to listen to 6Music I suppose, but I think most R2 listeners think the same.</p>
<p><i>Q. 9 Do you agree with Ofcom's approach to how we will set and amend the performance measures?</i></p>	<p>You seem to have made it as difficult as possible to contribute to this consultation. It is not easily found and this form is very poor. You need to be much clearer what you are asking about. Links and consistency of terminology would help.</p>
