<i>Q. 1 Do you agree with our overall approach to setting the operating licence?</i>	No. I think the setting of minimum % of news for the BBC individual channels is arbitrary. I listen to radio1 if going out. Radio 2 in the day time and radio 4 for news and current affairs. Your approach seems to treat all of the bbc channels as one. If this was one tv/radio station then yes, as with channel 4 or ITV it would make sense. People know what each channel is for.
