Question	Your response
<p>Question 1: Do you agree with our proposed principles and methods for assessing the number of UK users of a TSS?</p>	<p>Confidential? – N</p> <p>Yes, we agree with the proposed principles for assessing the number of UK users of a TSS</p>
<p>Question 2: Do you agree with our proposed principles and methods for assessing whether the number of UK users of a TSS is significant?</p>	<p>Confidential? – N</p> <p>Yes, we agree with the proposed principles and methods for assessing whether the number of UK users of a TSS is significant</p>
<p>Question 3: Do you agree with our proposed principles and methods for assessing the manner of use of a TSS?</p>	<p>Confidential? – N</p> <p>Yes, we agree with the proposed principles and methods for assessing the manner of use of a TSS</p>
<p>Question 4: Do you agree with our proposed principles and methods for advising on the functions that a TSS is capable of carrying out, or may be made capable of carrying out?</p>	<p>Confidential? – N</p> <p>Yes, we agree with the proposed principles and methods for advising on the functions that a TSS is capable of carrying out, or may be made capable of carrying out</p>
<p>Question 5: Do you agree with our proposed principles and methods for assessing any other additional matters?</p>	<p>Confidential? – N</p> <p>Yes, we agree with the proposed principles and methods for assessing any other additional matters</p>
<p>Supplemental Question 1: We welcome views on this potential use of ‘number of TSS installed on ITE devices in UK homes’ as a proxy, and on the potential use of an absolute number of UK users when setting a threshold for significant use in our first report setting out our recommendations on designation of TSS. Please provide evidence to support your views.</p>	<p>Confidential? – N</p> <p>N/A</p>
<p>Supplemental Question 2: We welcome views on this potential approach to assessing the manner of use of a TSS for our</p>	<p>Confidential? – N</p> <p>N/A</p>

Question	Your response
<p>first report setting out our recommendations on designation of TSS. Please provide evidence to support your views.</p>	
<p>Supplemental Question 3: We welcome views and supporting evidence for our first report setting out our recommendations on designation of TSS on:</p> <ul style="list-style-type: none"> • The number of people using older versions of TSS that are no longer supported by their provider; • When TSS providers release a new version of their service, for how long do they normally support it? • When IPS providers release a new version of their service, for how long do they normally support it? • The technical limitations and/or costs that are associated with supporting older versions of TSS and older versions of IPS still available in the market. 	<p>Confidential? – N</p> <p>Our only comment here is in relation to those legacy boxes that may not have the technical capability of offering PSB apps. There should be a mechanism to exclude these boxes, so that they are not designated.</p>
