Your response

Do you agree with Ofcom's proposal to authorise the use of static mobile repeaters intended for indoor use on a licence exempt basis?: Yes. I think the benefit to consumers that suffer with poor service will be significant.

Do you agree with technical requirements as set out in Table 1 in the consultation document for licence exempt static mobile phone repeaters intended for indoor use?: Partial. Yes i agree, however i think that the maximum downlink power should be either slightly higher as a composite figure or 10dBm per 5mHz/channel/band repeated.

Do you agree with Ofcom's proposal to authorise the use of low gain mobile phone repeaters intended for in-vehicle use on a licence exempt basis?: Yes.

Do you agree with technical requirement set out in Table 2 in the consultation document for licence exempt low gain mobile phone repeaters intended for in-vehicle use?:

Yes.
