<p>Question 1: Do you agree with our assessment of current road tolling use in the 5.8 GHz band in the UK? Is there other current and future planned use that we are not aware of?</p>	<p>Confidential? – N</p> <p>Yes we agree. The band would help broadband fixed link connections when full line-of-sight visibility is not possible.</p>
<p>Question 2: Do you agree with our analysis of the options for managing sharing between BFWA and RTTT? Are there additional options which we have not considered which in your opinion would result in a better balance of benefits and risks?</p>	<p>Confidential? – N</p> <p>Yes we agree. We don't have additional views</p>
<p>Question 3: Do you agree with our proposal to remove the notch and allow BFWA use in the whole of the 5.8GHz band?</p>	<p>Confidential? – N</p> <p>Yes we agree</p>
<p>Question 4: Are there any other considerations that you believe need to be taken into account and that are not already covered in this consultation?</p>	<p>Confidential? – N</p> <p>No. We have not any further views on the argument</p>
