

Young PEOPLE from 3yrs to us over 60yrs and beyond are being continually affected and bombarded at all hours of the day by Adverts to do with deep targeted ADVERTS to do with DEATH , LIFE INSURANCE ADVERTS , then followed by ALL CHARITY ADVERTS about ANIMALS being ill treated and Abused , then followed by Hair Lipped Children , SEXUALLY ABUSED CHILDREN , then WAR TORN adverts showing injured Children and Adults , ALL FROM CHARITIES . ... CHARITY has become big business , they can afford to pay for their adverts to be shown 24hrs a day 7 Days a week . NO ONE is looking at the impact this is having on us the VULNERABLE MAJORITY of unprotected Folk of less wealth in the UK , our Grandkids HAVE / ARE becoming fretful about Mothers , Fathers , and us Grand Parents disappearing , DIEING , it is making them fearful and OLDER ONES on the POVERTY LINE , fearful not able to afford to be Buried . THE SEX PUSH has gone so now DEATH has become the NEW PUSH FACTOR ..ALL ADVERTS regarding DEATH (for Humans) ALL adverts for ABUSE of CHILDREN should be left until AFTER 9PM or later ..All Animals being CRUELLY TREATED should be treated the same way as War Charities .. They are affecting us more on a low level of employment as all we have is TV .We can't afford distraction Hobbies , like Horse riding , Swimming , Gymnastics AS WE COULD in the 70s . Our POOREST watch TV now and our GRAND and GREAT GRAND KIDS Play games on their Tablets and are /or becoming distant from CHARITY ..with good reason as CHARITY is BIG BUSINESS and BOTHERSOME . SO .... relegate these forces until after 9pm at least x thank you . No more BEARS , HUMANS , OLD FOLK , ABUSED CHILDREN , MONKEYS , STARVING , LACK of DEATH INSURANCE , HAIR LIPPED , nearly BLIND FOLK until after OUR CHILDREN are in bed .. Or until their Continents deal with it their way . BUT STOP leaving it at OUR DOOR XX
