<p><b>Question 1:</b> Do you have any comments on Ofcom's proposed Work Plan for 2025/26?</p>	<p>Confidential? – N</p> <p>Media providers compete fairly and openly for audiences – We urge OFCOM to licence new FM services in suitable areas once the SSDAB licencing programme comes to an end. In order to compete fairly and provide effective choice for all listeners, we believe it necessary for full-service local community radio stations such as ourselves to be able to broadcast on FM, as well as our current platforms of online and SSDAB. We acknowledge limited resources has not allowed you to do this during SSDAB licencing, but believe this is an effective use of OFCOM's time to pursue in areas where there is listener demand and frequency availability.</p>
