## Your response

**Should Original Aberdeen FM Limited be permitted to make its proposed change to the Format of Original 106?**

Original 106 are the only true commercial local radio station serving Aberdeen and the north east of Scotland that's.

Whilst I enjoy the current music being played it is becoming repetitive with the same artists and some songs being overplayed.

I enjoy a wide range of 80s, 90s and 00's top 40 chart music. This is the area where I hope and would like to hear original 106 expand their library and be playing more of while maintaining the current feel of the station.

Other local commercial radio stations don't cater for my tastes or age group.
