Your response

Should Original Aberdeen FM Limited be permitted to make its proposed change to the Format of Original 106?

I have been wanting Original 106 to play other types of music for some time now. I like that they are a local radio station but I do admit that I get a bit fed up with the same type of songs being played all the time. I support this idea to have a broader choice of music to be played on Original 106.
