

CONSULTATION RESPONSE

NAME	Response to Proposal by Ofcom to grant powers under the Electronic Communication Code to Swish Fibre Limited
Julie Harrison	<p data-bbox="810 432 1050 454">Dear Sir or Madam,</p> <p data-bbox="810 499 1380 846">I cannot stress how much I object to the request in Fridays Guardian newspaper. The Notification under Section 107(6) Communications Act 2003 is a total outrage and I object on every level I can. All of this new frequency emission technology is harming the health of the people of the UK. There are thousands of studies to back up this statement and I can forward information on where to access this if required.</p> <p data-bbox="810 891 1372 987">Normal planning permissions and laws should apply. The Telecoms companies should not be above the law of the land.</p>
