<p>Should Ofcom consent to Secklow Sounds CIC's making the changes it proposes to the Key Commitments of Secklow Sounds, with particular regard to the statutory criteria set out in Section 2 of this consultation document? (Section 106 (1A) of the 1990 Broadcasting Act, as modified by the Community Radio Order 2004).</p>	<p>No.</p> <p>Secklow IS a station built for the community and for the older generation. Changing the music to attract a younger age group is not fair as we already have a station for this in Milton Keynes. Reducing the amount of hours is also not right. 100 hours is easily achievable if they accept the communities help. Currently Milton Keynes has internet stations with that many hours being broadcast. Secklow can easily work with those stations to reach this target. If Secklow was to work with a local academy they would easily provide 100 hours or more of original shows. So in my opinion the entire request is ridiculous and should not be agreed. MK's community station should have airtime for all in the community. Please do not allow this change to Secklow Sounds.</p>
