<p>Question 1: Do you agree that Ofcom should give its consent to the reductions in AM (medium wave) transmitter coverage proposed by talkSPORT? If you do not agree, please give reasons.</p>	<p>No I do not agree. Many of the transmitters to be closed are located in rural areas, which are unlikely to have good access to Talk Sport on DAB or other platforms. Therefore, although the reduction in coverage area is small, I fear many listeners could loose access to the service.</p> <p>Although I am not a listener of the service, I feel that Talk Sport is an important national service, and should be available to as many listeners as possible.</p>
