<p><b>Question 1 – Do you agree with our proposal to add the clarification paragraph, at paragraph 3.7 of this consultation, to the CLI guidelines? If you do not agree with this proposal, what are your reasons for this view?</b></p>	<p>We agree with the amendment in principle but we have concerns that as written this will facilitate the growing practice of “spoofing” numbers in order to facilitate fraud and identity theft, misleading and harming consumers and damaging the reputations of the CPs the spoof numbers belong to. It would be helpful if there was a form of restriction that made spoofing more difficult.</p>
