Question 1: Respondents are invited to comment on whether they agree with Ofcom's preliminary view and to frame their views and responses with reference to, or in the context of, the statutory criteria in section 106(1A) of the Broadcast Act 1990 (as amended).

I have read about the consultation on the above subject.

I would be extremely disappointed if this was to happen as this radio station is wonderfully different to other commercial radios.

It is a local station, not many of them left and the music is really enjoyable. Proper music played by proper bands instead of commercial rubbish played by many other stations.

It is a station loved by many in Manchester and it would lose the majority of its listeners if it was to change as it would not have anything unique to offer anymore.
