Question 1: Respondents are invited to comment on whether they agree with Ofcom's preliminary view and to frame their views and responses with reference to, or in the context of, the statutory criteria in section 106(1A) of the Broadcast Act 1990 (as amended).

XS Manchester not only offers music representative of our town but also regularly plays music by upcoming or emerging bands in prime time shows thus appealing to a wider age range than it's originally stated demographic. The DJ's and staff are a great fit for the image of the station and the station also makes efforts to support and promote local trade, venues, bands and businesses even outside of paid advertising. I am nobody's Indie Kid but I genuinely feel that the demise of XS Manchester would be considered a huge loss by many people in the Lancashire and Greater Manchester area.
