Question 1: Respondents are invited to comment on whether they agree with Ofcom's preliminary view and to frame their views and responses with reference to, or in the context of, the statutory criteria in section 106(1A) of the Broadcast Act 1990 (as amended).

Completely disagree, there are no radio stations doing what XS do other than Radio X. It's a brilliant station, do not change it to Capital XTRA when that kind of station already exists over and over again already. If people want to listen to that genre then plenty of stations such as RADIO1XTRA do this, but for XS there is only one other station playing what they do. I will be truly saddened to see it be changed into more mainstream saturation.
