	<p>Confidential? –N</p> <p>Do you agree that for the purposes of where locally-made programming may come from, Ofcom should approve the 'South of England (Bauer)' area in relation to the 12 local licences listed in Section 2 of this document? If you do not agree, please give reasons.</p> <p>I do not agree. Such a very large area makes a mockery of the whole concept of "local". In our own area of Chichester, Spirit FM is much valued and widely regarded as an important part of the community. To dilute its content with distantly-made, generalised material, created by people who are not members of our community, will undermine its whole purpose.</p>
