	<p>Do you agree that for the purposes of where locally-made programming may come from, Ofcom should approve the 'South of England (Bauer)' area in relation to the 12 local licences listed in Section 2 of this document? If you do not agree, please give reasons.</p> <p>I do not agree. I always listen to Spirit FM because it is very local. I feel that I know most of the people on it. They talk about events etc right here as and when they are happening. They get behind local charitable causes. They do so much for this area. If they become part of this bigger corporation they will just become the same as a lot of other networks and I might just as well be listening to lift muzak. I will not bother with the radio and just have spotify on as this new setup have zero to offer me. Please don't allow it to happen and ruin a really good station.</p>
