It is a brilliant station with lots of local information, help and things such as local travel information. It also works with the community on brilliant initiatives like last year's "Tonne of Tins" collection for the local Foodbanks, and highlighting things happening in the local area. It's annual Local Hero awards encourage listeners to nominate people who have done things for their local community that they feel should be recognised.</p> <p data-bbox="810 891 1385 1205">If the proposed changes go through, it will no longer be a community asset, as it's local feel will be lost and the local information a lot of people rely on will no longer be broadcast. The majority of the current presenters all live locally and so know the area well. They also get involved with events happening within the County and attend with their mobile studio to raise awareness etc.</p> <p data-bbox="810 1249 1353 1310">Please do not approve this request to change the terms of the Spirit FM license.</p>
