<p>Do you agree that for the purposes of where locally-made programming may come from, Ofcom should approve the 'South of England (Bauer)' area in relation to the 12 local licences listed in Section 2 of this document? If you do not agree, please give reasons.</p>	<p>People listen to local radio, to get local information: travel, news, events, local competitions between local people or companies etc. Spirit FM should not be rebranded over the years it has had a good impact locally, sponsoring events broadcasting local events, concerts etc. If we wanted radio with a standard music list, Regional/National weather and travel we would listen to a national station. I for one will not listen to radio again if Spirit is rebranded and the local content is taken out.</p>
