Question	Your response
	<p>Do you agree that for the purposes of where locally-made programming may come from, Ofcom should approve the 'South of England (Bauer)' area in relation to the 12 local licences listed in Section 2 of this document? If you do not agree, please give reasons.</p> <p>I do not think that the above should be allowed to go ahead because Spirit FM is a one-off local radio station, that I have listened to since it started. There is not another radio station within this area like it. Its very community and charity orientated within our local community. I like the fact that I can get all the local news, traffic weather and other gossip from this station. I also like all the competitions and phones they do. You hear other local people you know and like o the radio, whether its through an advert or phone in. I listen to Spirit FM in the car and through my stereo. I now listen to Spirit FM seven days a week from Am through till any time early/late evening during these difficult circumstances and I think I may have gone insane without them. If I wanted to listen to another station, then I wouldn't be bothering to write this letter. Leave Spirit FM as it is. If it isn't broke, don't fix it!</p>
