<p><b>Do you agree that for the purposes of where locally-made programming may come from, Ofcom should approve the 'South of England (Bauer)' area in relation to the 12 local licences listed in Section 2 of this document? If you do not agree, please give reasons.</b></p>	<p>I do not agree that Ofcom should allow Bauer the licences to change the local radion stations in the South of England. My local station is Spirit FM and they are one of the most supportive local radio stations in the area, which I understand Bauer have plans to change. They should not be allowed to do this for the sake of our local people and local Charities also I and many others love listening to their programmes. So in a sentence Spirit FM meets all the local needs in this area and no one should be allowed to change it.</p>
