<p>Do you agree that for the purposes of where locally-made programming may come from, Ofcom should approve the 'South of England (Bauer)' area in relation to the 12 local licences listed in Section 2 of this document? If you do not agree, please give reasons.</p>	<p>No, I do not agree. The allocation of a South of England area will decimate the previously autonomous local radio stations which currently serve the local area. It will result in the loss of connection between the stations and their audiences and create a monolithic provision with little or no connection to the communities in question. It will also affect the variation, quality and range of content and result in an irretrievable dilution of service.</p>
