	<p>Spirit FM is vital part of West Sussex which we should not loose. Not only do they play a big part in our local community but they play a huge part in our local charities. Without Spirit FM's support over the years many local charities would have struggled with funding and promotion. With the rebranding we will lose all promotion and support from the local community for our charities.</p> <p>Spirit FM led our fight to protect our Hospital back in 2007, without them we would have lost our A&E.</p> <p>Spirit FM are always supporting local events by hosting their station at said events. Spirit FM play a huge roll in Pink Pub to Pegasus, helping raise thousands of pounds for our veterans.</p> <p>This list forever endless and we will be forever thankful.</p> <p>If you let our radio station be taken over, our county will suffer tremendously. Without Spirit FM West Sussex will suffer, our mornings will not be hosted by our favourite local DJs, our brains quizzed and frazzled by the secret sound; thousands of pounds will go unraised for local charities that will surely close down without the dedication from Spirit. Hundreds of local companies, who advertise with Spirit will be unnoticed by local community.</p> <p>West Sussex is proud of Spirit FM!</p> <p>PLEASE KEEP OUR SPIRIT</p>
