<p>Do you agree that for the purposes of where locally-made programming may come from, Ofcom should approve the 'South of England (Bauer)' area in relation to the 12 local licences listed in Section 2 of this document? If you do not agree, please give reasons.</p>	<p>Spirit FM and it's staff is/are a truly local and community based commercial radio station that serves and reaches the entire TSA geographical area. Its community focused and the listeners, commuters and local businesses rely on its guaranteed and reliable local information and news output. No networked radio station could ever deliver the same level of needed, relatable and engaging radio service. Spirit is the backbone of Chichester and has been for the last 26 plus years. Hence to my opposition for Spirit FM to be rebranded to a new station name supplying a substandard service.</p>
