<p>Do you agree that for the purposes of where locally-made programming may come from, Ofcom should approve the 'South of England (Bauer)' area in relation to the 12 local licences listed in Section 2 of this document?</p>	<p>No.</p> <p>SpiritFM in its present format is the only Radio Station that manages to update the people of West Sussex with local news and events, essential for me when it broadcasts specific details relating to local traffic conditions at peak times. This would not be achievable under Bauer's plans for the station. Local issues are brought to the attention of listeners and SpiritFM offers considerable support for the residents and businesses of West Sussex. I fear that this will all disappear if Bauer changes the existing format which has been successfully developed over the past two decades.</p>
