	<p>Do you agree that for the purposes of where locally-made programming may come from, Ofcom should approve the 'South of England (Bauer)' area in relation to the 12 local licences listed in Section 2 of this document? If you do not agree, please give reasons.</p> <p>I strongly disagree with the proposal that Spirit FM should be changed to a national music station and lose its local staff. We know that when times are difficult, local radio is the first port of call for listeners, as it is quick and up-to-date. The local knowledge held by the presenters on Spirit FM is immense and hugely valued. It would be a backward step to replace them with national music pumped all over the country. Please do not approve this licence.</p>
