	<p data-bbox="810 450 1018 477">Confidential? – N</p> <p data-bbox="810 517 1377 725">Do you agree that for the purposes of where locally-made programming may come from, Ofcom should approve the 'South of England (Bauer)' area in relation to the 12 local licences listed in Section 2 of this document? If you do not agree, please give reasons.</p> <p data-bbox="810 766 1385 1189">I do not agree with this proposal. The geographical area proposed by Bauer will have a detrimental effect on the very definition of local radio. The current geographical area enables relevant content to be made within and broadcast from well-appointed stations throughout the southern regions. One excellent example is Spirit FM, which has over 25 years of broadcasting within the Southern region and has tailored its content to best serve its local communities within the current boundaries.</p>
