	<p>Confidential? – N</p> <p>Do you agree that for the purposes of where locally-made programming may come from, Ofcom should approve the 'South of England (Bauer)' area in relation to the 12 local licences listed in Section 2 of this document? If you do not agree, please give reasons.</p> <p>This should not be approved because Bauer will not provide the local information and community support that Spirit FM has become renown for since 1996, Spirit FM, Our local station, has supported hundreds if not thousands of local causes with not only funding, publicity, but also their physical presence, which a regional station based elsewhere would not be able to provide. The people in Bognor & Chichester need this local support for the many charities that have been set up and helped with Spirit FM, we know the presenters by face and first name! They get involved with all major activities in our area, they immediately inform us when things need to be shared, like local emergencies , road issues in the towns, fires and school closures, they support Beachfront events, RNLI displays,</p>

Hotham Park fairs, Dog Shows, Kite Shows, Bakeoff shows, and events that raise thousands for local charities like Grandads front room, The Pink Pub to France cyclists raising money for Help the Heroes, they bring fun to our community, like Battle of the Boozers quiz, Secret Sound, Friday night lockdown quizzes, the list is endless, and Bauer would never come near to this broadcasting from up north! This cannot be allowed it would be an absolute travesty! Please stop this!
