<b>Question 1: Do you have any comments on our proposal to apply Code powers to the Applicant?</b>	<p>Hello,</p> <p>Can Ofcom advise how the financial status of Brsk Limited has been established? This company was incorporated on the 4th August 2020, barely six months old. It has not published accounts nor is it required to until May 2022.</p> <p>With little information on the company available, or what their plans are, or how they will use and regulate (for public scrutiny) any powers given to them. I am concerned that they may be given legal powers to enforce their business plan that would be difficult to challenge. This company has no history of good governance (or otherwise), but it should not be assumed.</p>
