

**Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :**

No, we live in a society in which we do not know our neighbours and how trust worthy they are.

If a package goes missing, we will assume our neighbours have taken it or even worse if they have there will be very little that we can do about it.

This will create a lot of conflicts in our society which we do not need in the current climate.

**Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:**

**Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:**
