

Additional comments:

This is a disgrace, I have only JUST seen today the flyer about this issue off royal mail. Are they trying to get this passed by giving people short notice about this planned change?

Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :

NO. I consider this a security issue, if you have untrustworthy neighbours like i consider we have they could keep the parcels as royal mail in the past have NOT left any cards saying items have been tried to be delivered

Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:

see above

Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:

none
