

### **Additional comments:**

Im an against this scheme as it should be an OPT IN system NOT an OPT OUT scheme, why do we have to display a sticker on our door when we pay for delivery of the item &&&& can easily collect from the local royal mail depot ! What are the legal implications of the neighbour refusing to give you the item or neighbouring properties being rented etc ????

### **Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :**

NO

this should be a OPT IN not an OPT OUT scheme, then you could display a sticker saying you want this scheme

### **Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:**

Theft of items

Loss of valuable goods

Properties that are multiple occupancy

Visitors at neighbouring properties

Rented properties

Legal standing of goods lost / stolen ?

### **Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:**

Only had news about this scheme as its being roled out in my area , NO consultations in the national &&&& local press ,  
Should be an OPT IN scheme not OPT OUT
