

**Additional comments:**

We did not receive notification of this pilot scheme until after the closing date for consultation. I do hope our concerns will still be taken into account.

**Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :**

No We do not agree. We live next door to a rented property and tenants come and go - some undesirable. We certainly would not want these people handling our mail. We are not all fortunate enough to have honest and trustworthy neighbours. Also, we have just had a very expensive front door fitted and we are not happy at the prospect of having to put stickers on it..... Do Royal Mail have an alternative option? I feel we have no say over this. Either have a sticker on your new door or your mail will end up in the hands of people you do not trust. Not happy!!!

**Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:**

As above

**Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:**
