

Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :

This shows everyone that we either dont trust our neighbours or we dont get on with them. If your neighbour has not put a label on their letter box that means you could be pestered by the postman knocking on your door to leave their parcels.

Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:

the consequences would be an infringement on people privacy.

Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:

Just disgusted with the whole idea.
