

Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :

No, not in its present form. There should be more options available than a straight opt in or opt out. While happy to take in mail for neighbours, there are certain neighbours with whom I would not wish my mail to be left as I do not consider them trustworthy nor discreet. However, there does not appear to be any option to be neighbourly by taking in mail but also to protect my own privacy.

Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:

as above - not enough choice

Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:

no
