

**Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :**

No.

I summarise my objections as follows.

1. Royal Mail either lose my mail, leave items outside my door or deliver other peoples mail to me. If that wasn't bad enough I have received compensation three times for deliveries gone missing, twice for Recorded Deliveries and once for a Special Delivery. I therefore I do not wish my neighbour to be involved and possibly implicated in these problems.

2. I also object to having to 'Opt Out' as the system should be reversed whereby people contact Royal Mail to 'Opt In'.

3. I also object to having to put a sign on my lovely front door.

**Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:**

Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval
