No no no!!

Why on earth would I want or even begin to trust my neighbours with what could be after all private mail or parcels?

This idea is so wrong on so many levels.

It is a snoopers and thief's charter that will only serve one purpose , to cut costs at my expense.

**Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :**

**Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:**

**Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:**
