

**Additional comments:**

**Question 1:Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :**

No I do not !!!

My Mother and I both had joined the various schemes to stop unwanted mail ie advertising leaflets ,unaddressed mail . Three times this year we have had to contact them as they were still delivering it . I understand there is some tab put on our pigeon hole in the sorting office to stop it So simple so WHY could it not be done? If we opt out of this new scheme do you think for one minute they will be able to carry this out when they can&apos;t even do the one on offer now ?? I don&apos;t think so ! I have neighbours that I do not trust and do not want to know my name. There is also the probelm of Idendity Fraud and the Royal Mail are just to give my name and address to any neighbours by leaving my delivery with them !! This has not be thought out !!

**Question 2:Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:**

**Question 3:Do you have any comments on the scope and wording of the proposed Notification and approval:**
