**Question 1: Do you agree that Ofcom should grant approval to Royal Mail for the Delivery to Neighbour service? If not please explain your answer. :**

I do not agree. This should be an opt-in system and NOT an opt-out scheme.

I do not wish to be part of the scheme as proposed and neither do I want a sticker showing that I have opted out.

The scheme is the wrong way round.

My neighbours have been shown to be useless when accepting deliveries from other organisations in the past and I have had to wait many days to obtain the goods from them.

The scheme as proposed assumes that we all have &quot;good Neighbours&quot; whereas in reality most people think that they do not exist.

RETHINK please.

**Question 2: Are there other consequences following the roll out of the service across the UK that we have not included in our assessment? If so, please explain.:**
